## EDUCATION

---

<b>Dr. A.P.J. University</b> <i>Bachelor of Computer Science and Engineering</i>	Lucknow, U.P. 2021 – 2025
<b>Gov. Polytechnic</b> <i>Diploma In Textile Design and Printing</i>	Farrukhabad, U.P. 2017 – 2020
<b>Shri Shiv Pratap Inter College</b> <i>Intermediate And High School</i>	Amethi, U.P.

## EXPERIENCE

---

<b>JAVA Full Stack Trainee</b> <i>Naresh IT</i>	August 2025 – Present <i>Ameerpet, Hyderabad</i>
--	---

- Worked on a live client project using the HTML,CSS ,Javascript and Bootstrap for frontend development of a web application.
- Collaborated with the development team in an environment to deliver project modules on time while ensuring code quality and documentation.

## PROJECTS

---

<b>BeatsPlay</b> * Developed a responsive web page named "BeatsPlay," inspired by Music sites, using HTML and CSS for the front-end design. * Implemented user-friendly layout and styling to replicate key features and appearance of the music sites interface. * Focused on clean code structure and responsive design principles to ensure compatibility across devices.	Sep. 2025
<b>ISRO-Clone</b> * Designed and developed an original ISRO-themed webpage solely using HTML and CSS, showcasing independent creativity. * Created custom layouts and styles that highlight key information about ISRO without referencing existing designs. * Demonstrated strong problem-solving and design skills by building the webpage entirely from scratch using core web technologies.	Sep. 2025

## TECHNICAL SKILLS

---
